   I. List of Government Ministries
   II. List of Government Offices
   III. List of High Commissions, Embassies and Consular Offices
   IV. List of International Organisation Representation
   V. List of Diplomatic Corps
1. INTRODUCTION

In recognition of the significant contributions of returning nationals to the socio-economic advancement of Dominica, the Government took a decision to grant certain tax concessions on motor vehicles and household goods imported by such persons upon their resettlement in the country.

This manual is intended to provide relevant and up-to-date information to facilitate the smooth resettlement of Dominicans living in the Diaspora. It is hoped that this information will assist in clarifying certain processes and reducing or eliminating any difficulties in the reentry process. In addition to information on tax concessions, information is presented on other areas that the returnee may find useful.

2. THE REGIONAL INTEGRATION & DIASPORA UNIT (RIDU)

One of the functions of the RIDU is to facilitate the Government’s mandate to increase investment and participation of the Diaspora in Dominica’s development and to encourage Diaspora Dominicans to work or retire in Dominica. Some of the key roles of the Unit, as relates specifically to the Diaspora, include:

- Build networks between the Diaspora and Dominica in areas that will stimulate socio-economic development.

- Encourage and foster the participation of Dominicans overseas in all aspects of national development.

- Liaise with overseas Diplomatic and Consular Missions as well as with established Diaspora Associations for the channelling of information to the Dominican communities abroad.

- Assist Returnees with the resettlement process by providing relevant and up-to-date information.

- Encouragement and facilitation of visiting overseas Dominicans seeking to share their skills and services.
3. ELIGIBILITY FOR RETURNING RESIDENT STATUS

A person shall be deemed to be a returning resident if they have returned for permanent residence, have attained the age of **18 years** and fall within any of the following categories:

1. A citizen of Dominica by birth, descent (child, stepchild or adopted child) and naturalization who has resided outside of Dominica continuously for at least the last **seven (7)** years.

2. The non-Dominican spouse of a Dominican national accompanying him/her to reside permanently in Dominica and who has resided outside of Dominica continuously for at least the last **seven (7)** years (In this instance either the Dominican national or his/her non-Dominican spouse will qualify, not both).

3. Students who have attained the age of 18 years and have studied abroad for more than one(1) year will qualify for concessions in respect of books, tools of trade, computer hardware (i.e. hard drives, monitors and printers) and software (i.e. diskettes and software on diskettes and Cd Roms) and other used personal effects. Students are not entitled to motor vehicles duty free.

The Returning Resident must prove prior ownership of the items in the country of residence upon their importation into Dominica. Receipts and invoices for goods should be made available upon request by the Customs Officer. The household and personal effects must be kept by the Returning Resident for his/her personal use; and may NOT be sold, lent, hired out, exchanged or otherwise disposed of after duty free concession has been granted.

Persons should note that concessions on household/personal effects and motor vehicles will be granted to a returning national ONLY ONCE. Only one member of a family returning home will be eligible. A family returning home may consist of a husband, wife and children below the age of eighteen (18).

4. DOCUMENTS REQUIRED TO DETERMINE ELIGIBILITY

The Customs and Excise Department administers eligibility for Returning Resident concessions. In the case of motor vehicles, the Policy Formulation Unit of the Ministry of Finance is responsible for the actual granting of duty
free concessions. The returning resident will be required to attend a brief interview at the Customs and Excise Department and may be referred to the Ministry of Finance by the Comptroller of Customs. It is advised that this be done immediately upon importation of the goods in Dominica, and before beginning the process of clearance of the imported items.

In order to establish eligibility as a returning resident, the following documents must be presented to the Comptroller of Customs:

a. Dominican passport (current and expired) dated back to at least seven (7) years prior to date of relocation to Dominica.

This could include for example proof of retirement, proof of ownership of dwelling house or land in Dominica or proof of planned investment in Dominica. Copy of light bill, copy of water bill, lease agreement/rent receipt, letter from prospective employer, evidence of employment contract; contractors agreement, planning approval for dwelling construction and evidence of disposal of property owned in the foreign country.
